

Guidance for attending external meetings and conferences

Blood and Transplant

Lateral flow tests

You must complete a lateral flow test and confirm it is negative before travelling. If you have any symptoms of COVID-19, please do not travel or enter the meeting / conference area.

Wearing face coverings

Face coverings should be worn at all times except when seated. This includes all corridors, communal areas, toilets and lifts unless your are medically exempt.

Regular hand washing

Please clean your hands regularly during the day, using soap and water and/or hand sanitiser.

Social distancing

Please remember social distancing. You should be one metre side by side and two metre face-to-face.

Please avoid congregating in small groups.

Please follow any additional guidance by the venue
